SUBJECT: Sweden - Star 87

The meeting planned for this afternoon with Norman, Ian, Bernie, Michael Reardon and me did not come to any conclusions since neither Norman nor Ian were able to attend. Norman is travelling today to Scandinavia.

Michael has given Norman a copy of his Note to the File describing the course of action proposed. This is the note of which I gave you the original last week for discussion with Walter.

We need a decision on whether Stig Carlson should go to the Consumer Councillor's office to discuss the affair. If this is not done soon, i.e., in the next few days, his approach may no longer be timely.

A minor change to the Note to the File: the finals of the Star 87 promotion will take place on a boat rather than in a disco.

Regards,

Frederick.
